SO THE PEOPLE MAY KNOW!

In May the Police Commission announced a Clean-Up Campaign and asked for the cooperation of the citizens and various organizations. A few of the more thrifty citizens took the advantage of this suggestion and piled their rubbish on the street. The day was set for the hauling of the rubbish. Volunteers were asked for. Mrs. Atkinson, Mr. Kennedy, Vern Bybee, Fred Scmidt, Jr., Police Commissioner Krampert and two or three young boys did a fine job. Four trucks were pressed into service and fourteen big loads of rubbish we hauled out of Brisbane to the dumps, which is only scraping the surface. There are that many more that should be removed if the people would do the proper Clean-up of their premises.

We appreciate the cooperation of those that did cooperate.

The Police Commission had a special meeting Thursday, July 8th at Police Headquarters and appointed Police Chief. In the person of Alfred Girolo, a former San Francisco officer who will be on the job commencing July 10th, on call 24 hours a day together with a part-time officer, Mr. Reece who has done a fine job. He is to be commended for his helping out in the emergency.

Your Police Department is now organized. MAKE ALL CALLS TO CHIEF ALFRED GIROLO, **JUniper 7-2000.**

Lester Bybee,
Chairman.

Now that we have a regular full-time Police Chief, we will expect the residents of Brisbane to coopearate financially. This man is salaried full-time Policeman.

The next regular meeting of the Brisbane Police Commission will be Friday, July 16; at the School house.

MEETING OF RECREATION COMMISSION

The local Recreation Commission had its regular meeting on June 14th. Mr. Shaw and Mr. Thilgren were up from Redwood City for the meeting. There is more improvement to be made upon the grounds of the Center in the near future. Mr. Davenport stated that he had a full program outlined for the summer. There was some discussion about keeping the Center open on Sundays after church hours. The problem faced in this event however, is to obtain dependable supervision, which would have to be volunteered.

The use of the Center for church services, namely 'Jehovah's Witnesses' was granted by the County Board upon request. The local Commission has been badgered aimlessly for this. Upon discussing the matter, Mr. Shaw stated that it was not unusual for the San Mateo County Park and Recreation Commission to make concession to Church groups in other areas, and thought it would be allright in this case. There were four meetings of the group.

FIRE DEPARTMENT NEWS

The burning of dry grass on vacant lots is well under way and is rapidly being taken care of. The Fire Department boys expect to complete this job before the next issue of this paper.

NEW LEGION HALL

Work by the Legionaires is progressing rapidly at the new location across from the Post Office.

Considerable remodeling has been required to suit the building to Legion needs and the boys are doing a fine job. The shortage of plumbers has hampered progress to some extent but the building will soon stand out as a definite improvement.

SMALL BOYS' BASEBALL TEAM

The Recreation's 10, 11 and 12 year old baseball team although only having played two games so far are doing good. Their first game which was played with Ravenswood and only at half strength was a defeat 14 - 3. In their 2nd game which was played at Orange Ave. Park in South San Francisco against South San Francisco, the boys brought home victory in the for of a 14 - 5 win. Although off to a shaky start they settled down to some good ball playing. The boys although they have an awful lot to learn are doing allright for themselves.

The team in itself is practically wide open for settled positions and this reason in itself accounts for some unsettled play. The teams leading batters are Jerry Wirth & Jerry Yarbough with perfect .1000. Merle With .600 and Ray Vuillemainroy .400.

MORE JUNIOR EXHIBITS SOUGHT

DRUM AND BUGLE CORPS

We are happy to announce since the last issue of the Brisbane News we have received a cash donation of $25.00 from the Krentz Amusement Co.

This is a step towards to goal for which we are aiming.

These boys still need drums and if we can keep these steps stepping we eventually will have our Drum and bugle corps properly equipped.

We participated in the Menlo Park Parade. This is the first parade the Drum and Bugle Corps has failed to win a prize, but nevertheless the boys did a wonderful job and we are mighty proud of them.

Due to an oversight in the last issue of the paper, Robert Bolden and Donald Delbon's names were left out of the list of the Drum and Bugle Corps. Donald Delbon plays the Lyre-Bell and Robert Bolden is a Bugler.

In regards to the dances we announced in the last issue the first dance will be held Saturday night July 17th at 8 p. m. at the Legion Hall.

The Drum and Bugle Corps' Committee has worked very hard to plan an evening of very enjoyable entertainment and we sincerely believe that anyone attending will have a wonderful time.

The music will be by orchestra. Refreshments will be served and a valuable door prize will be awarded to the holder of the lucky ticket. The winner does not have to be present to win.

COMMENCEMENT EXERCISES

Jefferson Union High School class of 1948 held its commencement exercises Wednesday, evening June 16 at 8:00 p. m.

The order of the program was as follows:

Invocation was given by the Reverend Dan Lyncer followed by the salutatory address by Miriam Miller.

A girs' trio composed of Terry Gomez, Helen Plate and Virginia Marsh, rendered two popular ballads "Now Is The Hour" and "Without A Song" very beautiful.

Class President Oscar Giusti then made his address.

An outstanding feature of the evening was a harp selection: "Longing" played by Leontine Oberg who is an accomplished harpist.

Valedictorian Claude Unselt delivered his speech and was proceeded by Mr. Stanford Hannah, District Superintendent who then awarded the honors.

Before and during the evening's program the Jefferson High School band played selections under the able direction of Mr. King Stevens.

The class of 105 students was then presented their diplomas and the Benediction spoken by Reverend William Harberts.

CORRECTION!

Oliver D. Olinger,
Editor Brisbane News Bulletin
Brisbane, California

It was with a great deal of interest that I read the May issue of the Bulletin which Mrs. Dallas sent to me. It takes me back to the days when I was in business there in Brisbane from 1935 to 1941.

I would like to make a correction to the article concerning me which was published in the 'Home Folks' Column. You state that I am Superintendent of Schools through out the islands; a very nice position if I had it, but I fear Dr. Loper, the real suerintendent would object to being displaced by me at least for awhile!

To set the recoord straight, I am Head of the English and Social Science departmennt of the Honolulu Vocational School, and Director of Visual Aids for the Vocational Division of the Territorial Public Schools. I am also a Representative to the local unit of the National Education Association.

BOYS' BASEBALL TEAM

The boys 13, 14, and 15 year old baseball team are doing a lot better than holding their own, although the boys have won 6 games and lost 3 they have really been playing a very good brand of baseball. Their last game which was played Wednesday June 30th, the boys really acquired a feather for their hats.

They beat the San Francisco boys' club who at the time are the San Francisco Champs for all the S. F. boys' clubs. Brisbane beat them 9 to 8 in a real baseball game. By beating them Brisbane done it the hard way by coming from behind in the sixth inning to pull ahead and hold their lead. Roy Childers who pitched a very good game hit the games only home run to bring in one run ahead of him and put Brisbane out in front. With the boys of Brisbane they never say die and this is the spirit that pays off in the victories. Brisbane has also beat the Ravenswood Community Church team which at the present time is leading the church league in the southern end of the county.

Our boys, although not winning every game have by far showed more sportsmanship than any team we have yet encountered. Wilmer Olson, the team's shortstop is leading his team in batting with a very good .562 average. Wilmer has almost consistently led the team in batting. The team has many other good averages with Hank Schmidt .500, Don Walton .500 and Larry Blanchard, Dick Firth, Mansel Roland, Snooky Mayes, Ray Record in the high .300.

ROWBOATS VS. WAVES

ADULT TWILIGHT SOFTBALL LEAGUE

Brisbane Recreation Adult Twilight Softball League is proving to be the most popular activity in Brisbane. Our only bad feature so far has been our bad weather which has held some of the people away. With the promise of good weather which we have only had in spurts we can expect many more spectators down at the games. The League in general so far, has been running very smoothly except for periodical outbreaks of temper.

All in all the League is proving a big success and gives us much confidence for next year. Leading the league so far in team standings is Brisbane's Firemen. The firemen have been undefeated so far in league play and are almost assured of the first half championship unless they are upset which is not likely at present.

The games have all been good played contests and the second half assures us of even finer competition all around

Some of you people who have not been to any of the games yet surely should do so as they are well worth watching. There is also the spirit of the players to be considered in this respect as the larger the group of spectators the more spirit and finer play is almost assured.

The League so far although not finished the first half has produced some fine hitters and compiled below is the legue's leading ten batters:

1. Collins, Baptist Church .... .666
2. Rumbaugh, F. V. W. .... .625
3. Williams, Scout Committee ..... .600
4. John Chapman, Scout Committee ..... .500

GOOFY GOSSIP

"COOPERATION"

You have heard that word many times in public meetings here in Brisbane. I am wondering if people who use it or hear it know what it means!

Did you ever see the picture of the two calves that were tied together with a rope around their necks and a bucket of milk on each side of them? Each calf trying to get to the milk on his side which was impossible for they were pulling against one another Then the next picture they had both gone the same way and had their heads in the same pail of milk and were enjoying it very much. That was COOPERATION! Why can't all the organizations: Chamber of Commerce, Businessmen's Club American Legion, Fire Department, Police Commission all work unison for th bigger and better Brisbane?

This spot is destined to be one of the future bright spots on the Peninsula if the people will unite and work in cooperation with each other for the best interest of the whole community. Let's get our heads together in the same pail of milk.

GIRLS' SOFTBALL TEAM

The Girls Recreation Softball Team has been doing pretty good for itself so far. After losing their opening game to Portala of San Francisco, the girls have come back to beat a couple pretty good teams. They have won 3 and lost 2 so far. Their victims include the Rough Riders of So. San Francisco by a score of 4 - 3. Bayshore, 20 - 7 and Portala 19 - 11. They have lost to Portala in their first game 10 - 6 and to Bayshore 19-17 in a return game.

Even in losing the girls have shown the will to win and lots of power at the bat. The catcher on the team who is Anita Gull has led the team in hitting honors in 4 out of 5 games. She is leading the girls in batting averages with a very nice .631 average which is very good. The nearest girl to her is Pat Duescher with a .428 average. The team has two other .400 hitters in Margie Van Kirk .411 and Sally Wakelee. 400. All in all the girls are doing very good and deserve a lot of credit for their effort and play.

Bob Tan, Ted Van Kirk and Don Hunter have been enjoying a two| weeks| training course with the Marine Reserve at camp Pendleton.

SHIPWRECK AND HOLDUP

A personal Reminiscence
Courtesy of Mr. Roscoe D. Wyatt, Redwood City.
15 July, 1947.

As I wrote the above date, it occurred to me that I might open this letter with the coincidence that this is the 51st anniversary of an event unrecorded in your booklet, "Historic Names and Places in San Mateo County." May I egotistically narrate it in brief?

The P. M. S. S. "Colombia" had been speeding up the coast from Panama and had been in dense fog for five days. The Captain, Clark, had told me the whistles off shore were those of Pidgeon Point. Moments later he ascended the bridge and I stood in front of the pilot house. I heard another whistle dead ahead, but why should I, a landlubber, warn an experienced navigator? Soon I found that my diffidence was fatal for we piled on the rocks where the Colombia's cylinders can still be seen protruding at low tide. The Captain ordered me to go ashore for help and in an errant Portuguese fisherman's boat I landed at the Light House. The keeper loaned me a buggy. I borrowed a horse from a ranch a few miles away and I drove to Pascadero and over a semi-private telegraph line in a general merchandise store wired the steamship company's office for help. This came in the afternoon with to towboats on which the passengers, mail, and treasure were sent to San Francisco.

I, however, returned to the ship and then ashore, and drove to "Spanish Town" (now Half-Moon Bay). There I delayed the departure of the stage for San Mateo about half an hour while I breakfasted.

The driver had refused company on his seaat because he anticipated a holdup, but permitted me to sit beside him as I had an automatic and assured him I was experienced in shooting from horseback and moving positions. Because of our delay, the stage from San Mateo arrived before us at the bandit's ambush, among the trees on the road's curves at the foot of the hill by the earth dam. This caused confusion. We saw the dust and when we came alongside the bandits had escaped and we disentangled the horses from their traces. This time I was the unmeritious cause of preventing the consequences of what, as far as I know, was the last attempt at a stage holdup in San Mateo County.

C. B. Lastreto,
Atherton, California.

Note: Although we had heard many times of the wreck of the 'Colombia' in 1896, we would never have guessed that Mr. Lastreto haad a personal story to tell about it. Perhaps you too can recall some exerience that would be interesting to the readers.
